Sponsorship Brochure

Project Controls Background

In recent years project controls have become established as a dedicated discipline with a rapidly growing community of senior professionals recognized for their value to all projects.

For a project to succeed, appropriate planning is vital and hence accurate estimating, cost and schedule management, risk management, change management and forecasting is now deemed essential. The development of a suitable project control system, and a team to execute these systems, is an integral part of the overall project management effort.

A report by PWC suggested that worldwide infrastructure spending will grow to \$9 trillion per year in 2025. With project controls investment estimated to average at least 2% of a project cost, this values the spend on project controls at around \$20 billion. Little wonder this is a sector that now has dedicated departments, staff and is establishing best practice techniques.

Project Controls Expo offers this rapidly expanding community the best route to examining all that is on offer by presenting a showcase of the leading products & services, combined with a multi stream dedicated cutting edge educational programme and networking opportunities.

THE WORLD'S LARGEST

Project Controls Event

“

Project Controls EXPO
is a celebration of project controls

”

Networking | Education | Opportunities

“ Project Controls is all about sharing the right information (KPIs) to the right stakeholders at the right time to ensure the right decisions are taken at the right time. ”

Project Controls Expo is the venue to meet all involved: Client, End User, Contractor, Consultancy and Technology Suppliers.

Project Controls Expo UK owes it's success to the unique mix of

It offers a distinctive forum for learning as well as the opportunity for the exchange of ideas across industries and the chance for

delegates to examine the most up to date products and services as solutions to their pain points.

The education programme offers 10 different streams of content with presentations led by users, clients, consultants and providers and hence gives a combination of all angles, experience and opinions

The partners showcase hosts the leading technology suppliers and consultancies, offering a multitude of answers to the issues faced by project controls professionals including

The Global Awards Evening illustrates the Expo's continuous efforts to recognize the best projects and practices serving as a platform to hear and share the success stories within the project controls community.

 To cap the whole Expo experience, there are many networking opportunities including the Global Awards Evening within the Stadium. This creates a true and unparalleled community feel across all two days of PCE UK

Unlock New Growth at Project Controls Expo UK 2025

Introducing:

Pitch to Client Zone

Subject Matter Expert Zone

We're launching two exciting zones this year—Pitch to Client and SME Zone—designed to boost connections and business growth.

For Partners:

- Present in high-engagement spaces
- Connect with high-quality leads
- Build authority through curated sessions
- Gain visibility before, during, and after the event

Pitch to Client Zone:

- Present directly to industry clients
- Matchmaking based on real project needs
- Get instant, actionable feedback

Subject Matter Expert Zone

- A stage for small and medium businesses
- Engage with demos and product displays
- Gain visibility with budget-friendly options

Smarter Networking

These new zones don't just make the event more interactive—they create opportunities that last. Delegates discover practical answers. Sponsors connect with warm leads. And the whole industry gets stronger through collaboration.

This is where conversations turn into contracts—and ideas into impact.

SYSTECH

“ Have just spent a couple of fantastic days at the Project Controls Expo in London. Superbly run, with great content for all interests this was an outstanding event that is a credit to the organisers and an excellent platform for those wanting to make a difference in project execution to get together. An effective project controls solution is a critical necessity for any organisation wanting to remove project waste and deliver projects and programs on time, all the time. ”
