## About Pitch to Client Zone

The Pitch to Client Zone is your chance to connect directly with key decision-makers from leading organizations in the project delivery ecosystem.

Secure your 15-minute session with our expert panel—featuring representatives from five prominent end clients and government bodies— to present your solutions, generate high-quality leads, and gain valuable insights into client needs. With a structured, sales-free environment, this is a unique opportunity to showcase your expertise, build meaningful connections, and drive business growth.

## How It Works ?

### Register Online

Complete the form to secure your slot.

### Booking Fee

Book your slot with amount AUD\$500

### Pre-Scheduled Meetings

Receive a meeting schedule in advance

**Introduction (1-2 mins)**  
Overview of your offering.

**Pitch (10-12 mins)**  
Present your solution.

**Conclusion (1-2 mins)**  
Next steps discussion.

**View More**

## About SME Zone

The Subject Matter Expert Zone at the Project Controls Expo provides a platform for delegates to engage in 15-minute one-on-one sessions with industry-leading subject matter experts (SMEs).

These sessions aim to provide expert guidance on project controls, career growth, and industry trends, ensuring a purely technical and knowledge-sharing experience.

## Why Participate?

- Access expert advice on project controls, career growth, and industry trends.
- Quick, impactful discussions with SMEs.
- Enhance learning and networking experience.

## Process Instructions

**Purpose:** PCE is offering its platform to facilitate conversations between delegates and Subject Matter Experts (SMEs) for:

- Professional growth of individuals
- Development of the overall profession
- Supporting our mission in alignment with our vision

**Platform Usage:** PCE's platform can be used to host or continue these conversations.

## What is Subject Matter Expert Zone?

- **Clear & Valuable Insights**  
Fast, Focused Insights—no sales pitches, just valuable discussions.
- **Quick Expert Access**  
Attendees can register for a 15-minute slot with Subject Matter Experts.
- **Insights & Expertise**  
Gain insights, career guidance, and technical expertise.
- **For All Professionals**  
Open to professionals at all levels.

### Delegate-SME Interaction:

- Delegates are encouraged to connect with SMEs on LinkedIn.
- They can initiate conversations directly on LinkedIn.

### Support:

- If anyone experiences communication issues, they are encouraged to reach out to the PCE team at [aus\\_delegate@projectcontrolexpo.com](mailto:aus_delegate@projectcontrolexpo.com)

# Detailed Agenda

## Day 1 – Monday, 24<sup>th</sup> November 2025

### Time

09:00 – 17:30	Bootcamp @Jim Stynes Room A <b>Topic:</b> Roadmap to Mastering AI in Total Cost Management <b>Facilitator:</b> Lance Stephenson, Director of Operations PD&C, AECOM
12:00 – 18:00	Partners Showcase Setup – for Partners Only

### Workshop Host/Speaker –

## H.L (Lance) Stephenson

Lance is a Director of Operations, AECOM Canada. He is a seasoned operations leader with over 35 years of experience driving success in project delivery, operational excellence, and financial discipline.

Known for his dynamic and results-oriented approach, he has led organizations to improve efficiency, profitability, and performance while managing over \$45 billion in assets across industries like Energy, Transportation, Infrastructure, and Buildings.

An author, international speaker, and contributor to the AACE's TCM Handbook, Lance brings a pragmatic, people-focused style to bridging customer needs with innovative solutions in process, technology, and leadership.

## We empower decision-makers to build our world's infrastructure with precision and speed.

A Hobson study on a sample organization using Contruent Enterprise with an average annual project spend of \$2B, overspending on their contracts by 10% and averaging 10 days for period close-outs:

**Contruent**  
FASTER TO DELIVER

Optimize Project  
Spend & Performance

**\$167M**

Annual benefit after  
reducing annual project  
spend by 1%

Account for Change &  
Maximize Efficiency

**\$25M**

Annual benefit after  
reducing time spent on  
change management by 70%

Manage Contracts &  
Contractor Activity

**\$30M**

Annual benefit after  
reducing annual contract  
spend by .5%

Improve Visibility for  
Informed Decisions

**\$3M**

Annual benefit after  
reducing time spent on data  
collection by 80%

**TOTAL VALUE OF  
\$225M  
GENERATED OVER  
THREE YEARS**

# Platinum Partner – InEight

## PROJECT CONTROLS EXPO APAC

As capital construction projects continue to grow more complex, construction organizations need project controls software that keeps pace. At InEight, our integrated construction technology combines data, automation, and practical AI with first-hand industry expertise. We offer customers modular solutions that adapt to each project and easily scale to manage even the most complex work.

Throughout our history, we've helped construction organizations realize the best path of construction for everything from offshore wind farms to comprehensive infrastructure overhauls. Our customers use InEight software to modernize their operations and harness the power of their data. By doing so, they reduce delays and improve profitability.

Our modular products help our customers gain control over project controls, cost and schedule, project information management, and construction intelligence.

We envision a future for construction in which real-time insights lead to predictable project outcomes. Our core values – integrity, respect, passion, innovation, and accountability – guide us in bringing that future to life. With a proven global track record and a team of experts who draw on their hands-on knowledge of construction processes and project management, our software uniquely meets the shifting challenges facing construction.

Whether you begin by modernizing a single business process, or launch a project to re-engineer your entire organization, our construction project controls software helps you achieve your boldest ambitions.

## Pushing Beyond the Project Status Quo

### Technology for the New Era of Enterprise Portfolio Performance

Project complexity is rising—and Project Managers need more than spreadsheets and siloed tools to keep up. Staying on schedule and within budget is non-negotiable.

Hexagon's Enterprise Portfolio Performance (EPP) software EcoSys™ empowers project-driven organisations with a unified platform for real-time insights, standardised processes and predictable outcomes across the full project lifecycle.

#### Why Project Managers choose EcoSys™:

**Real-Time Insights:** Make proactive decisions with live data on cost, schedule and risk.

**Integrated Lifecycle Management:** From planning to forecasting and change control – all in one place.

**Standardised Processes:** Eliminate silos and manual errors with automated workflows and consistent reporting.

**Predictable Outcomes:** Benchmark performance, manage earned value and forecast with confidence.

**Trusted Globally, Proven Locally:** Used by leading infrastructure firms and government agencies worldwide – now transforming projects across Australia

Discover how we are helping Project Managers move beyond traditional project controls to embrace **Enterprise Project Performance**—a smarter, integrated approach that drives better outcomes across the entire project lifecycle.
