About Pitch to Client Zone

The Pitch to Client Zone is your chance to connect directly with key decision-makers from leading organizations in the project delivery ecosystem.

Secure your 15-minute session with our expert panel—featuring representatives from five prominent end clients and government bodies— to present your solutions, generate high-quality leads, and gain valuable insights into client needs. With a structured, sales-free environment, this is a unique opportunity to showcase your expertise, build meaningful connections, and drive business growth.

How It Works ?

Register Online
Complete the form to secure your slot.

Booking Fee
Book your slot with amount £500

Pre-Scheduled Meetings
Receive a meeting schedule in advance

Introduction (1-2 mins)
Overview of your offering.

Pitch (10-12 mins)
Present your solution.

Conclusion (1-2 mins)
Next steps discussion.

About SME Zone

The Subject Matter Expert Zone at the Project Controls Expo provides a platform for delegates to engage in 15-minute one-on-one sessions with industry-leading subject matter experts (SMEs).

These sessions aim to provide expert guidance on project controls, career growth, and industry trends, ensuring a purely technical and knowledge-sharing experience.

Why Participate?

- Access expert advice on project controls, career growth, and industry trends.
- Quick, impactful discussions with SMEs.
- Enhance learning and networking experience.

What is Subject Matter Expert Zone?

- **Clear & Valuable Insights**
Fast, Focused Insights—no sales pitches, just valuable discussions.
- **Quick Expert Access**
Attendees can register for a 15-minute slot with Subject Matter Experts.
- **Insights & Expertise**
Gain insights, career guidance, and technical expertise.
- **For All Professionals**
Open to professionals at all levels.

Process Instructions

Purpose: PCE is offering its platform to facilitate conversations between delegates and Subject Matter Experts (SMEs) for:

- Professional growth of individuals
- Development of the overall profession
- Supporting our mission in alignment with our vision

Platform Usage: PCE's platform can be used to host or continue these conversations.

Delegate-SME Interaction:

- Delegates are encouraged to connect with SMEs on LinkedIn.
- They can initiate conversations directly on LinkedIn.

Support:

- If anyone experiences communication issues, they are encouraged to reach out to the PCE team at UK2025@projectcontrolexpo.com

Day 1- Monday 3rd November 2025

Time

09:00-17:30	Bootcamp @ Executive Box 3006 Topic: Roadmap to Mastering AI in Total Cost Management Speaker: Lance Stephenson. Director of Operations PD&C, AECOM
14:30- 18:00	Go- Karting @ TeamSport - 30, Noble Road, London N18 3BA
10:00-18:00	Partners Showcase Setup- for Partners only

Bootcamp Host/Speaker -

H.L (Lance) Stephenson

Lance is a Director of Operations, AECOM Canada. He is a seasoned operations leader with over 35 years of experience driving success in project delivery, operational excellence, and financial discipline. Known for his dynamic and results-oriented approach, he has led organizations to improve efficiency, profitability, and performance while managing over \$45 billion in assets across industries like Energy, Transportation, Infrastructure, and Buildings.

An author, international speaker, and contributor to the AACE's TCM Handbook, Lance brings a pragmatic, people-focused style to bridging customer needs with innovative solutions in process, technology, and leadership.

Platinum Partner – Laminar

We're a project management consultancy for people who want complete control and total transparency over their complex projects. Pair boots-on-the-ground project managers – people who know construction as well as they do strategy – with tech talent you'd find at a top-tier software firm. By connecting these worlds, we design and deploy digital processes that provide visibility over everything that's happening – and the ability to make every decision with unquestionable facts.

With over 80 data centres and \$50bn+ of infrastructure and high-tech facilities delivered globally, we've proven that the most effective way to deliver your complex projects is with great people, working together as a great team.

Learn more at: www.laminarprojects.com

Laminar
CLEAR. CONTROLLED. DELIVERED.

Get complete control and total transparency over your complex project

Delivering complex projects is all about managing the details. We combine boots-on-the-ground experience with digital precision to connect the work front to the boardroom – and control every layer of delivery, down to the smallest information deliverable.

[learn more](#)

The banner features a central illustration of a person in a blue hard hat and white shirt sitting at a desk with a laptop, looking thoughtful. To the left are server racks. In the background, there are construction site photos: cranes, a worker on a site, and a worker in a yellow safety vest. A calendar is visible on the desk.

At RPC, we recognise that when all the many stakeholders involved in planning and executing a major project work in silos, this leads to double working, manual entry, inefficiencies and errors. That's why our out-of-the-box, rapidly deployed project control solutions, based around the Oracle Primavera toolset, offer a holistic approach that integrates the workflows and reporting processes of Planners, Schedulers, Cost Engineers, Contracts departments and more.

When you choose RPC, we work with you to shape the solution that meets your needs and then support your implementation with Hosting, Training, Support and ongoing Consultancy, making sure that – wherever you are and whatever you do – you can be sure of the best return on your investments.

Talk to us about our project controls platform or find out more at www.rpc.uk.com
